

Sinclair's decision to force their stations to air an anti-Kerry documentary days before the election is a very good example of why we need to have more and stronger regulations put on the airways and other media.

If Sinclair is allowed to use (misuse) the airwaves in this manner, it will be a potential sabotage of our democracy as well as the election.

Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
